- In regards to the elction of Jack Cedarquist to President: according to the bylaws of OHMHA, given that Jack has missed several meetings, he is required to tender his resignation from the Board and as President. However, given the mitigating circumstance (i.E. employment out of state) and the superior contributions Jack has made to the OHMHA Board, as well as the lack of an individual willing to assume the position of President of OHMHA, the Board has decided not to accept his resignation and work his him via email and other means during the duration of his time away from the area.
